

Clean Well

Chatterbox

Powered by my careful brushing action, I help protect teeth against plaque and decay!

Chatterbox instructions

1. Colour the chatterbox in.
2. Cut out the chatterbox.
3. Fold along the thick dotted lines to make a crease, then unfold.
4. Turn chatterbox over so that the pictures are facing down
5. Fold corners so that the points meet the centre (along LINE 1).
6. Turn over – fold all corners so that the points meet the centre (along LINE 2).
7. Fold in half so the pictures of Brushboy are facing out.
8. Insert thumbs and forefingers under the squares and move chatterbox in and out to play (see picture).
9. To play: pick a word and spell it, pick a number and count it, pick a question and open to answer it!
